The TC-SS 405 E scroll saw is a useful helper for building models and for other occasional precision cutting jobs. The solid saw base ensure stability and quiet action. Thanks to the tiltable work table, individualization is easy. For really accurate results the blade speed is electronically controlled with high precision. The practical blow-off device of the TC-SS 405 E keeps the workpiece free of chips, making it easier to cut exactly along the marked contour. In addition, a dust extractor adapter can be used to keep the workplace agreeably clean. The saw blades can be changed quickly and safely using the clamping lever, not matter, if coping saw blades or blades with T-shaft.
